Item No. 7

The Company was incorporated on 30th May, 1981 under the provisions of the Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013. The existing Memorandum of Association ("MOA") was drafted in compliance with the provisions of the Companies Act, 1956. As per the provisions of Section 4 of the Companies Act, 2013, read with the Companies (Incorporation) Rules, 2014, the MOA of the Company will no longer carry other Objects Clause. However, the existing Memorandum of Association of the Company specifies other Objects Clause and contains several other provisions which are not in conformity with the provisions of the Companies Act, 2013.

Since many alterations, insertions and deletions are required to be made in the existing MOA, it is considered expedient to adopt a restated MOA in place of the existing MOA. Pursuant to the provisions of Section 13 of the Companies Act, 2013, the approval of members of the Company is required for adopting a restated MOA.

The approval of the Members for adopting the new set of MOA is therefore now being sought, by way of a Special Resolution, pursuant to Section 13 of the Act.

COASTAL CORPORATION LIMITED

The Directors therefore, recommend the Resolutions at Item No. 7 of the accompanying Notice for the approval of the Members of the Company.

None of the Directors and Key Managerial Personnel of the Company is concerned or interested in the passing of the Resolutions at Item No. 7.

Item No. 8

The Articles of Association ("AOA") of the Company presently in force are in line with the provisions of the erstwhile Companies Act 1956 and also some of the Articles under the Companies Act, 2013, which is no longer in force. Several Clauses / Regulations in the existing AOA contain references to specific Sections of the Companies Act, 1956 and some of the provisions are not in conformity with the provisions of Companies Act, 2013 ('New Act'). Further, some of the Articles also shall be renumbered. Thus several Articles of the existing AOA of the Company require alterations/ deletions to bring in line with the provisions of the New Act.

Considering the numerous amendments and alterations to be made in the existing AOA, it is thus expedient to adopt a new set of AOA (primarily based on Table F set out under the Companies Act, 2013), in place of existing AOA of the Company. In terms of Section 5 and 14 of the Companies Act, 2013, the consent of the members by way of Special Resolution is required for adoption of new set of Articles of Association of the Company.

The approval of the Members for adopting the new set of AOA is therefore now being sought, by way of a Special Resolution, pursuant to Section 14 of the Act.

The Directors therefore, recommend the Resolutions at Item No. 8 of the accompanying Notice for the approval of the Members of the Company.

None of the Directors and Key Managerial Personnel of the Company is concerned or interested in the passing of the Resolutions at Item No. 8.

Item No. 9

The present paid-up Equity Share Capital of the Company is Rs.1,27,11,000 (One Crore Twenty Seven Lakhs Eleven Thousand Only) consisting of 12,71,100 Equity Shares.

In accordance with the enabling provisions of the Articles of Association of the Company, the Companies Act, 2013, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2009 and such other Regulations/Acts etc., as may be applicable, the Bonus Equity Shares will be issued by capitalizing a sum of Rs.1,27,11,000 (One Crore Twenty Seven Lakhs Eleven Thousand Only) (based on the present paid up equity capital) from Capital Redemption Reserve to the extent permissible, or any other permitted accounts as per the Audited Accounts of the Company for the financial year ended on 31st March, 2015, as the case may be.

The Bonus Equity Shares so allotted shall rank pari-passu with the existing fully paid-up equity shares of the Company in all respects.

It is also necessary/expedient to authorize the Board of Directors of the Company or any Committee thereof, to complete all the regulatory formalities in connection with the issue of Bonus Shares that may be prescribed by SEBI, the Stock Exchanges on which the Company's securities are listed, Reserve Bank of India and / or any other regulatory authority.

The Promoters, Directors, Key Managerial Personnel of your Company and their relatives are interested in this resolution to the extent of their respective shareholdings in the Company or to the extent of the shareholdings of the Companies / Institutions / Trusts of which they are Directors or members or Trustees with or without any beneficial interest. MANAGEMENT DISCUSSION AND ANALYSIS**1. INDUSTRY STRUCTURE AND DEVELOPMENTS**

Seafood Processing in India is entirely export oriented. According to the Ministry of Food Processing Industries there are about 1084 registered exporters in the country and the Indian seafood processing industry is well developed. These units are HACCP certified. Marine products have created a huge demand in the world market. With the high unit value, seafood has been acclaimed as one of the fastest moving commodity in the world market. India with its long coast line and an exclusive economic zone has enormous potential for developing the fisheries and aquaculture in coastal states.

2. OUTLOOK

During the financial year 2014-15, exports of marine products reached an all-time high of USD 5511.12 million. Marine product exports crossed all previous records in quantity, rupee value and USD terms. Exports aggregated to 10,51,243 MT valued at Rs. 33441.61 crores and USD 5511.12 million. Compared to the previous year, seafood exports recorded a growth of 6.86 % in quantity, 10.69% in rupee and 10.05 % growth in USD earnings.

3. OPPORTUNITIES AND THREATS**OPPORTUNITIES:**

The demand for sea food is increasing all over the world, particularly Indian Seafood exports as could be seen from the increase in exports during 2014-15. One of the reasons being, seafood is considered healthier as compared to other meat. India is gifted with long coast line ideally suited for development of seafood industry. A planned development would provide abundant opportunities for seafood industry. The successful adoption of Vannamei Species culture is poised for a significant increase in the shrimp production and export. Increase in production of shrimps in the country is also expected to increase domestic consumption of shrimps due to competitive prices compared to other meat products.

THREATS:

The aqua culture activity is dependent on climatic conditions prevailing during season to season, which is unpredictable. Natural calamities like floods, cyclones, during the culture season can have serious impact on the prospects of successful culture. In spite of technical advancement and development, the possibilities of the shrimps getting affected by virus and diseases such as white spot diseases, EMS cannot be ruled out. Volatility of international prices of shrimps and fluctuating foreign exchange rates, US anti-dumping duty and US Countervailing Duty continues to be the major areas of threat for the industry. However, development of domestic market to support exports, strict

COASTAL CORPORATION LIMITED

adherence of traceability, scientific pond management, a judicious approach on prices and forex management is expected to reduce the impact of threats to a great extent.

The two factories of your company are well equipped and approved by USFDA and European union. Three decades in the trade, the Company's brands namely "Coastal", "Coastal Gold", Coastal Premium" are well established in the International Markets and have lot of scope for exploring new markets as its ongoing process. Presently the company's products exported to USA have antidumping duty at 2.96%. In every review by USDC, change of rate in duty is proposed which may have impact on company. More supply of shrimp from Vietnam, Thailand and China may have impact on price of export of the Indian Shrimps.

4. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has taken all precautions and adequate internal control procedures commensurate with the size and nature of business.

5. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Your Directors wish to place on record that the company has achieved all time high turnover of Rs.278.30 core and as well as profit of Rs.10.20 Crore during the year under report. The Company expects increased turnover and profitability in the current year, in view of the commencement of production of the second unit at P.Dharmavaram, availability of abundant quantity of raw material i.e., L.Vannamei, devaluation of rupee and high price realization for the products in the international markets due to demand and supply position.

6. HUMAN RESOURCES:

The Company's units are situated strategically at the places where requisite employees are available for smooth operation and the relation with the direct and indirect employees are cordial.

Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
